Discussion items

Time	Item	Who	Notes
	Madrid F2F Status		<ul style="list-style-type: none">• Planned for 5/4, but we will need to revisit this in April to see if we should still hold this as a physical meeting<ul style="list-style-type: none">• plan on decision at next TST call but default appears to be to cancel the physical meeting• Note airlines may not be operating.• Alternative is a virtual meeting (on Madrid time) - seems like this is still OK
	CLA		<ul style="list-style-type: none">• Contributing UML considered equivalent to code, impacted as otherwise blocked from github• However joint effort, based on joint discussion• CLA intended for submitters to indicate it is allowed for ONF member use• Italo notes github itself has some license aspects for use, also questions: includes past input? what about comments vs. submissions?• Should also only apply to ONF github - Andrea - isn't github somewhat separate from ONF?• Should apply only to ONF members? What about non-ONF members contributing?• Lyndon to send out email with questions, discuss at next call
