## Latest Releases Package Download

The latest two published Papyrus releases are downloadable in a package **together** with the Eclipse IDE from: [Eclipse Papyrus™ Downloads](#)

All previous releases need to be installed in two separate steps:

1. Downloading the relevant Eclipse IDE **Modeling Tools** version (the Release Overview table above contains the download links)
2. Adding the corresponding Papyrus release to Eclipse via "Install New Software ..." (the Release Overview table above contains the download links)
